Sermon Discussion Questions- November 11th

Sermon: The Pilgrims Progress- Pastor Jim Dykes

2 Peter 1:1-11

Head (God speaks to us through His Word)

Take a moment to reread the passage of Scripture in your group time and encourage someone to take 2-3 minutes to summarize the message of the sermon.

Has anyone read Pilgrim's Progress before? If so, share with the group about it.

How does viewing the Christian life as a "journey" instead of only about eternity in heaven change the way you live?

Heart (God shapes our desires)

How has the Holy Spirit spoken to you through the preaching of God's Word? Did anything from the sermon stand out as particularly challenging, convicting, or hopeful?

How has God transformed you recently on your journey? What were the ways that God brought about this change in your life?

Do you find yourself longing for heaven very much? If yes, what impact does that have on your faith? If not, why do you think that might be?

Hands (God sends us and works through us as we respond)

What are the implications from this sermon for your life? How does this sermon speak to your life specifically? What will your response be?

Who has God used in your life to make a difference? Is there anyone that you are currently investing in or that you need to invest in?

How can you share what God is teaching you with other Christians? With those who don't yet know Jesus? Pray and look for an opportunity to share with those who come to mind.
